

Articles of the Interventional Cardiology Research Center

Row	Article Titles	Journal	Release Date
1	Comparison of acute ischemic stroke evaluation and the etiologic subtypes between university and non-university hospitals in Isfahan, Iran.	International journal of stroke	2019 ;14(6):613-619
2	Can methods based on spot urine samples be used to estimate average population 24 h sodium excretion? Results from the Isfahan Salt Study	Public Health Nutrition	2019 Sep 24:1-12
3	Trend of salt intake measured by 24-hour urine collection samples among Iranian adult's population between 1998 and 2013: The Isfahan salt study	Nutrition, Metabolism & Cardiovascular Diseases	2019 ;29(12):1323-1329
4	Trace minerals intake: Risks and benefits for cardiovascular health	Critical Reviews in Food Science and Nutrition	2019;59(8):1334-1346
5	The effect of intracoronary versus intralesional injection of eptifibatide on myocardial perfusion outcomes during primary percutaneous coronary intervention in acute ST segment elevation myocardial infarction; A randomized clinical trial study	ARYA Atherosclerosis	2019;15(2):67-73
6	The effect of educational and encouragement interventions on anthropometric characteristics, obestatin and adiponectin levels	ARYA Atherosclerosis	2019;15(3):123-129
7	Temporal trend analysis of stroke and salt intake: a 15-year population-based study.	Nutritional neuroscience	2019 Sep 13:1-11
8	Low correlation between morning spot and 24-hour urine samples for estimating sodium intake in an Iranian population: Isfahan Salt Study.	International journal for vitamin and nutrition research	2019;89(3-4):185-191
9	Long-term association of nut consumption and cardiometabolic risk factors	Nutrition, Metabolism & Cardiovascular Diseases	2019 Sep;29(9):972-982
10	Factors in relation with fatigue and illness perception in patients with myocardial infarction and the changes in fatigue due to intervention on illness perception: Research design, methodology, and preliminary results	ARYA Atherosclerosis	2019;15(2):74-81
11	Electrolyte minerals intake and cardiovascular health	Critical reviews in food science and nutrition	2019;59(15):2375-2385
12	Correlation between air pollution and hospitalization due to myocardial infarction	ARYA Atherosclerosis	2019;15(4):161-167
13	Comparing efficacy of receiving different dosages of eptifibatide in bleeding after percutaneous coronary intervention in patients with myocardial infarction	ARYA Atherosclerosis	2019;15(4):185-191
14	CASCADE screening and registry of familial hypercholesterolemia in Iran: Rationale and design	ARYA Atherosclerosis	2019;15(2):53-58
15	Association between sleep duration and hypertension: Isfahan Healthy Heart Program, Iran	ARYA Atherosclerosis	2019;15(1):22-26
16	Association between ambient air pollution and hospitalization caused by atrial fibrillation	ARYA Atherosclerosis	2019;15(3):106-112
17	Anthropometric indices predicting incident hypertension in an Iranian population: The Isfahan cohort study	Anatolian journal of cardiology	2019;22(1):33-43
18	A rare case of takotsubo syndrome led to intra-myocardial dissection and left ventricular apical aneurysm	ARYA Atherosclerosis	2019;15(1):33-37
19	Methods of sampling and sample size determination of a comprehensive integrated community-based interventional trial: Isfahan Healthy Heart Program	ARYA Atherosclerosis	2018;14(2):58-70
20	Carotid arterial stent implantation follow-up and results in 50 patients: preliminary report	Electronic Physician	February 2018, Volume: 10, Issue: 2, Pages: 6400-6405
21	Transulnar versus transradial approach for coronary angiography and angioplasty: Considering their complications	ARYA Atherosclerosis	2018;14(3).128-131

22	The Effect of Training on Knowledge, Attitude, and Practice in Patients with Hypertension: The Application of the Expanded Chronic Care Model, A Clinical Trial Study	Iran Red Crescent Med J	2018
23	The Effect of Parental Medical History on the Prevalence of Cerebrovascular Diseases in Their Children in an Iranian Population	Basic and clinical neuroscience	2018;9(5).367-372
24	The association between the serum 25-hydroxyvitamin D level and cardiovascular events in individuals with and without metabolic syndrome	ARYA Atherosclerosis	2018;14(6).254-259
25	Successful Retrieval of Embolized Atrial Septal Defect Occluder and Patent Foramen Ovale Closure Device Using Novel Coronary Wire Trap Technique	Catheterization and Cardiovascular Interventions	2018 Jul;92(1):189-192
26	Successful percutaneous closure of a large symptomatic AV fistula using an amplatzer occluder device	Cardiovascular Revascularization Medicine	2018 Dec;19(8S):23-24
27	Serum interleukin-18 and extent of coronary artery disease in unstable angina	ARYA Atherosclerosis	2018;14(3).122-127
28	Risk and Age of Cardiovascular Event in Women with Metabolic Syndrome: Menopause Age in Focus.	Metab Syndr Relat Disord.	2018 Apr;16(3):127-134
29	Prevalence, awareness, treatment, control, and risk factors of hypertension among adults: a cross-sectional study in Iran	Epidemiology and health	Volume: 40, Article ID: e2018020, 9 pages
30	Epicardial fat thickness and severity of coronary heart disease in patients with diabetes mellitus type II	ARYA Atherosclerosis	2018;14(1).32-37
31	Distal accesses in the hand (two novel techniques) for percutaneous coronary angiography and intervention	ARYA Atherosclerosis	2018;14(2).95-100
32	Association between sleep duration and electrocardiographic ischemic changes in middle-aged population: Isfahan Healthy Heart Program	ARYA Atherosclerosis	2018;18(3).115-121
33	Successful Retrieval of Embolized Atrial Septal Defect Occluder and Patent Foramen Ovale Closure Device Using Novel Coronary Wire Trap Technique	Catheterization and Cardiovascular Interventions	2017
34	Pulmonary Thromboembolism Presenting with Recurrent Bradycardia and Hypotension	TANAFFOS	2017; 16(3): 248-250
35	The Role of Inflammatory Processes in Occurrence of Left Ventricular Failure in Patients with Chronic Kidney Disease	Advanced Biomedical Research	2017
36	Ten-year trend in stroke incidence and its subtypes in Isfahan, Iran during 2003-2013.	Iran J Neurol.	2017 Oct 7;16(4):201-209.
37	Association of Animal and Plant Proteins Intake with Hypertension in Iranian Adult Population: Isfahan Healthy Heart Program	Advanced Biomedical Research	2017
38	Pre-hypertension, pre-diabetes or both: which is best at predicting cardiovascular events in the long term?	J Hum Hypertens	2017 Jun;31(6):382-387
39	Dietary sodium and potassium intake and their association with blood pressure in a non-hypertensive Iranian adult population: Isfahan salt study	Nutrition & Dietetics	2017
40	The role of manual thrombectomy in cardiovascular outcome among patients with total cutoff vessel myocardial infarction undergoing primary percutaneous coronary intervention	ARYA Atherosclerosis	2017;13(2):66-72
41	Metabolic Syndrome and the Risk of Ischemic Stroke	Journal of Stroke and Cerebrovascular Diseases	2017;26(2).286-294
42	Design and implementation of a combined observational and interventional study: Trends of prevalence, awareness, treatment and control hypertension and the effect of expanded chronic care model on control, treatment and self-care	ARYA Atherosclerosis	2017; Volume 13; Issue 5.211-220
43	Dietary sodium and potassium intake and their association with blood pressure in a non-hypertensive Iranian adult population: Isfahan salt study	Dietitians Association of Australia	2016
44	Effect of cardiac rehabilitation on metabolic syndrome and its components: A systematic review and meta-analysis	Journal of Research in Medical Sciences	2016

45	Effects of a Lifestyle Modification Program on Knowledge, Attitude and Practice of Hypertensive Patients with Angioplasty: A Randomized Controlled Clinical Trial	<i>IJCBNM</i>	October 2016; Vol 4, No 4
46	Is there any relationship between different phenotypes of metabolic syndrome and cardiovascular mortality rate?	Advanced Biomedical Research	2016
47	One year follow-up effect of renal sympathetic denervation in patients with resistant hypertension	ARYA Atherosclerosis	2016; Volume 12; Issue 2
48	Predictive factors of short-term survival from acute myocardial infarction in early and late patients in Isfahan and Najafabad, Iran	ARYA Atherosclerosis	2016; Volume 12; Issue 2
49	Pre-hypertension, pre-diabetes or both: which is best at predicting cardiovascular events in the long term?	Journal of Human Hypertension	(2016), 1 – 6
50	Rationale, Design and Initial Findings: Validation of Simplified Tools for Assessment of Sodium Intake in Iranian Population	Archives of Iranian Medicine	Volume 19, Number 9, September 2016
51	The Effect of Nutrition Consultation on Dietary Diversity Score of Cardiac Patients Referred to Cardiac Rehabilitation Research Center Isfahan Cardiovascular Research Institute during 2008–2013	<i>International Journal of Preventive Medicine</i>	2016, 7:121
52	Validation of Simplified Tools for Assessment of Sodium Intake in Iranian Population: Rationale, Design and Initial Findings	Archives of Iranian Medicine	Volume 19, Number 9, September 2016
53	Advanced method used for hypertension's risk factors stratification: support vector machines and gravitational search algorithm	ARYA Atherosclerosis	2015; Volume 11; Issue 6
54	Association between dietary salt intake and reservation of renal function in patients with mild hypertension	ARYA Atherosclerosis	2015; Volume 11; (ssupl1)
55	Evaluating the impact of fractional flow reserve-guided percutaneous coronary intervention in intermediate coronary artery lesions on the mode of treatment and their outcomes: An Iranian experience	ARYA Atherosclerosis	2015; Volume 11; Issue 2
56	The metabolic syndrome and associated lifestyle factors among the Iranian population	Advanced Biomedical Research	2015
57	case of Marfan's syndrome with multi-level aortic dissections	ARYA Atherosclerosis	2014; Volume 10; Issue 6
58	Complete heart block in a patient with POEMS syndrome: A case report	ARYA Atherosclerosis	2014; Volume 10; Issue 5
59	Perspective on the hospital incidence rate of deep venous coagulopathy: Clinical and biochemical diagnostic markers	Advanced Biomedical Research	2014
60	Evaluating factors associated with uncontrolled hypertension: Isfahan cohort study, Iran	ARYA Atherosclerosis	2014; Volume 10; Issue 6
61	The Cut-Off Values of Anthropometric Indices for Identifying Subjects at Risk for Metabolic Syndrome in Iranian Elderly Men	Journal of Obesity	Volume 2014, Article ID 907149, 6 pages
